## ACTIVIDAD 7 CONOCIENDO ESTRUCTURA DE PETICIÓN

**Álvarez Anguiano Tania**

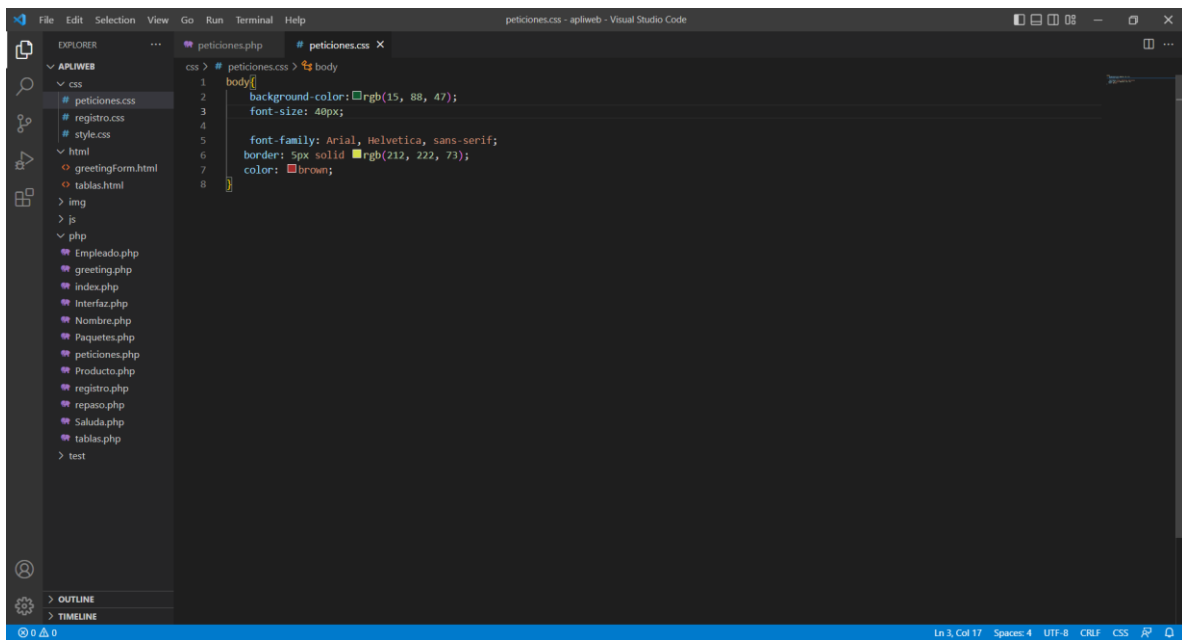

Quinto Semestre; Grupo: O

Dolores Hidalgo, Cuna de la Independencia  
Nacional, Gto

This screenshot shows the Visual Studio Code editor with the file 'peticiones.php' open. The Explorer sidebar on the left shows a project structure for 'APIWEB' with subfolders 'css', 'html', 'img', 'js', and 'php'. The 'php' folder contains several files, including 'peticiones.php' which is currently selected. The main editor area displays the code for 'peticiones.php', which is a PHP script that outputs HTML. It includes a link to a CSS file, a header section with the title 'Conociendo estructura de petición', and several paragraphs of text. The text includes a name 'Tania Álvarez Anguiano', a location 'SPVc', and a subject 'Programación'. It also includes a URL to a GitHub repository and a PHP function 'parse\_url' to parse the URL into its components (scheme, host, path).

```
1 <link rel="stylesheet" href="../../css/peticiones.css">
2 </php>
3 echo'<h2><center>Conociendo estructura de petición</center></h2>';
4 echo'<br>';
5 echo'<center>Tania Álvarez Anguiano</center>';
6 echo'<br>';
7 echo'<center>SPVc</center>';
8 echo'<br>';
9 echo'<center>Programación</center>';
10 echo'<br>';
11 $url='https://github.com/Tankania/Desarrolla_Aplicaciones_Web';
12 $url= parse_url($url);
13
14 echo 'scheme: ' . $url['scheme'] . "<br>";
15 echo 'Host: ' . $url['host'] . "<br>";
16 echo 'Path: ' . $url['path'] . "<br>";
17 ?>
```

This screenshot shows the Visual Studio Code editor with the file 'peticiones.css' open. The Explorer sidebar on the left shows the same project structure as the previous screenshot. The 'css' folder is expanded, and 'peticiones.css' is selected. The main editor area displays the CSS code for 'peticiones.css', which defines the styling for the 'body' element. The rules include a background color, font size, font family, border, and color.

```
1 body{
2     background-color: rgb(15, 88, 47);
3     font-size: 48px;
4
5     font-family: Arial, Helvetica, sans-serif;
6     border: 5px solid rgb(212, 222, 73);
7     color: brown;
8 }
```
